

Checking into the Hotel

If you are driving:

Follow the driving directions above, and when you see the Hyatt on the left you may pull into the small lot in front of the Hyatt. ***Use this lot only when checking in. Your car will be towed if you park there without a parking permit.*** After you have checked in, you may move your car to Hyatt Parking, as directed above.

If you are flying:

The Hyatt is attached to the airport by an enclosed walkway. After you have your luggage, access the walkway by following the signs. The walkway leads to the lobby of the hotel.

Shuttle to Restaurants:

Hyatt will take guests anywhere within 7 miles. If there is enough demand, there will be scheduled service to Robinson Towne Center around 5 PM, returning around 7 PM. The 2 shuttles hold up to 24 people. Shuttles are only for registered overnight guests; users should register at the front desk. Please only use the shuttle if you are at the tournament without a car. First come, first served. If there is excess demand for the shuttle in the future, the tournament will attempt to arrange extra transportation.

Access to businesses in the airport for Hyatt Guests:

Those with a boarding pass may freely access the restaurants and stores in the airport. There is a process whereby other registered guests can be prescreened and get permission to access the businesses in the airport. For more information, click here. To see the businesses in the airport, click here:
